

“Technique has penetrated the deepest recesses of the human being.”

Jacques Ellul & the 21st Century Technological Society

July 11-13, 2024
Downtown Chicago
Roosevelt University

*Sponsored by the
International Jacques
Ellul Society (IJES)*

Join us for a 3-day conference celebrating the 70th anniversary of Jacques Ellul's *magnum opus*, *The Technological Society*. All are welcome to submit proposals for papers that engage this landmark text for its prophetic analysis of the force of *technique* upon every aspect of modern life. How relevant are Ellul's concerns to our current times?

*For more information, registration and the call
for papers, please visit*
