

“Technique has penetrated the deepest recesses of the human being.”

# Jacques Ellul & the 21st Century Technological Society

July 11-13, 2024  
Downtown Chicago  
Roosevelt University

Sponsored by the  
*International Jacques Ellul  
Society*

Featuring Banquet Speaker  
Musician T Bone Burnett

Join us for a 3-day conference celebrating the 70th anniversary of Jacques Ellul's *magnum opus*, **The Technological Society** (1954). In addition to six plenary sessions, we have 30 presenters during breakout sessions that will engage Ellul's prophetic analysis of the force of technique upon every aspect of modern life.

*For more information, registration, and lodging information, visit the Chicago Conference page at:*
